Squire SS-100 Registry

HERE WE ARE

starting our 11th year as the Squire SS-100 Registry and an interesting ten years it's been. Our main and obvious achievement has been the location of forty three of the 50 Squires made. But somewhere along the line we've also made other significant advances that you don't recognize till you sit down and really think about it. We've established a national Squire parts exchange that's been able to repair and/or replace original items that are simply not available anywhere else. This allows an owner to keep his Squire as original without loading it up with "will-fit" after market parts. That's already happened three times since the first of this year.

We've also achieved national recognition as a viable marque that's completely separate from other classic replicas and with our recent addition of a web page on the Internet, I guess we've now made it all the way up to world wide recognition. The fact that we've been listed as a separate marque in the N.A.D.A. appraisal guide has also assisted in additional recognition with the interesting side effect of greatly increasing the resale value of our cars.

What was not apparent at first is that these newsletters, in collected form, are not only the combined history and repair manual of the Squire SS-100, they are also an important part of the resale value of our cars and so are worth both care and preservation. They're all numbered and if you're missing any let me know and we'll work out a way to replace them.

The old newsletters were getting kind of bulky so we'll start a new one with this issue. I'll mail each issue stapled and it helps reduce bulk if you pull the staple before insertion in the rear of the new binder.

Last, and what I think is most important, is the fact that, with some national get togethers plus owners traveling and meeting one another, we've managed to assemble some of the most interesting personalities I've yet come across and my biggest regret about all this is the fact that we'll never get all the owners in one place at one time. My personal travels have allowed me to meet the vast majority of the membership and they're all delightful. On the down side, Mark Offenbergh and company have sold the Sand Castle on Long Island and that killed last years Fall get together. Unless someone on the East Coast volunteers to act as a springboard there, won't be another in the near future. On the upside, there's still room for you folks in the East and Midwest to attend this years Nevada doings. Just let me know that you plan to come out or need more details by calling 480+893-9451 or email to Squirepal@aol.com

SQUIRE SS-100 REGISTRY MEMBERS WITH EMAIL ADDRESSES

I've had a few requests for a listing like this so here goes:

NOTE: If I've missed you here or should you decide to go "on-line" in the future just drop me an email note at Squirepal@aol.com and I'll add you to the email directory.

At no charge to our Registry, Hemming's Motor News has built a web site for our group. They're still working on it so when you dial it up you see a notice that says "Under Construction". One day soon they'll have it finished and I'll let you know how to reach it.

YEAR 2000

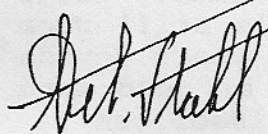

dues are due and I sent a stamped return envelope with the last newsletter. THIS letter was a little expensive to ship and I'm out of pocket so if you've not sent them to me yet will you please do so now. AND, if you've never sent me photos of your Squire I'd sure like some.

A YEAR 2000 ROSTER

Is included and since many of you have asked for extra copies to take to the office or wherever, I've included a extra loose copy.

AND ALWAYS REMEMBER

If your wife keeps leaving the kitchen you've made the chain to long.
