Squire SS-100 Registry

NOVEMBER - DECEMBER, 2001

2002 SPRING THING IN LAUGHLIN, NEVADA

As previously announced, has been set for March 22-23-24 with the Jensen's Eagle Ranch BBQ set for Saturday afternoon the 23rd. You can arrive and/or depart at any time of your choosing but most of us driving in will arrive on Friday and depart on Sunday the 24th.

For those of you flying in, you can fly to Las Vegas, rent a car and make the easy drive south to Laughlin. That will also allow you to see the sights in Las Vegas if you have time for that. Or, if you're pressed for time you can now fly directly to Laughlin via Phoenix, landing across the river in Bullhead City, AZ. Just take a cab across the river because once there you won't need a car. You can walk from one end of town to the other.

Unlike last year, we will not be doing any major Squire repair work on the roof of the Ramada Express but there will be some nifty restored Squires there for you to examine and admire. Most of us will stay at the Ramada Express (800+383-6190) and some of the other choices are the River Palms (800+835-7903), The Riverside (800+227-3849), The Edgewater (877+647-1714) or Harrah's which is (800+427-7247). Weekend rates are all about the same and the choice is yours so just call and make your own reservations.

Vern & Sorita Jensen go to a lot of work and expense for the BBQ, complete with commemorative gifts so what THEY need is a head count.

I'll coordinate and keep them informed so if you think you'll make it please inform me by phone (480+893-9451), FAX (480+705-6649), Email (Squirepal@aol.com) or drop me a note at: 11826 S. 51st St., Phoenix, AZ 85044-2313.

LOSE YOUR SQUIRE KEY?

Dr. Bill Freeman in Tullahoma, TN seems to have come up with a Squire first, at least it's the first one I've heard of. He's managed to lose the ignition key to the second of his two Squire SS-100s and he sent me a frantic email inquiring how to fix that? By luck, I have the complete ignition switch here from Chassis #9 and offer the following advice:

(A) Have some spare ignition keys made! (B) Short of that, if you have the original ignition key that came with your Squire, there's a number stamped on it that is the code for the particular tumbler pattern on your ignition switch. With that an automotive locksmith can look it up in a code book or microfiche and duplicate the original key pattern. Record that number in a safe place for the time your single key comes up missing. (Continued)

If the key gets lost and you have not completed steps (A) or (B), you have a real problem but all is not lost. On the very back of the ignition lock the key code number is hidden away behind the wire loom connection and while it's a hell of a job to get to it, it's your only solution at that point. To accomplish this I offer the following.

DISCONNECT THE BATTERY! There's no way to do this with the battery connected without causing a dead short that will cause all kinds of other problems.

It's now necessary to disconnect the wiring plate attached to the very rear of the ignition switch. **DO NOT DISCONNECT THE INDIVIDUAL WIRES FROM THE POSTS!!** The entire round disc holding the seven posts comes out as a unit. There is a fine wire snap-ring holding the disc in place. You can pop the snap-ring out with an ice pick or similar small tool and the disc can be removed, wires and all. The key code number is stamped on the metal inside the cavity but because of the position, you will most likely need a flashlight and hand mirror to read it. Further, because of the limited space it may be necessary to remove the driver's seat by first removing the four 13 MM nuts holding the seat in place from under the chassis- then pulling the entire seat out as a unit. The ignition switch assembly was used on both the Alfa/Romeo and Fiat 600 so that's where the locksmith will have to look it up. Believe me, it's easier to get some extra keys made.

2002 NEWSLETTER EXPENSE DUES

are just around the corner and you can save me asking later by sending along a check now. Even with the postage increase I can hold the line at \$10 as it was this last year. Already paid in advance are: Murray, Walters, Jensen, Miller, Helmick, Weaver, Offenbergl, Kaufman, Craft & Seigerman. Make your check payable to Arthur Stahl and if you want to double or triple up, I'll keep track of it on this end. Thanks!

2002 ROSTER

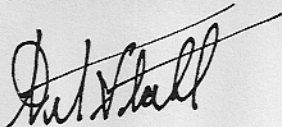

is included. If corrections are needed for Area or Zip codes let me know. If you have recently acquired an email address I don't have, send it along to: Squirepal@aol.com and my next addition will be an email roster.

INTERMECCANICA FOUNDER

Frank Reisner passed away in Vancouver, B.C. on 10-8-01. He built our Squires in Italy for Auto Sport Importers and made many other makes and models for world distribution. The company will continue operations by wife Paula and son, Henry.

AND ALWAYS REMEMBER

A closed mouth gathers no foot!
