

CLBCOM 113

Squire SS-100 Registry

MARCH - APRIL. 2002

THE 2002 SPRING THING

in Laughlin, Nevada was another howling success. We had nine restored Squire SS-100s and one "stand-in" representing the JD Blethen Chassis # 8 which is slowly but surely heading toward complete restoration.

Members Vern & Sorita Jensen once again hosted the 5th Annual Eagle Ranch Laughlin Run and this year we were joined by a few members of the River Cruisers, a local car group the Jensens belong to. As usual, words fail to describe the time and effort this couple go to. This year, in addition to more great food than we could possibly eat, they came up with a truly novel idea. Sorita had called me a few times to ask just which cars would be there for sure? She also wanted to know the correct owner's name and chassis number for each attending car. I wondered what that was all about but I didn't ask.

As the cars arrived and were lined up on display in the Jensen's pasture, they had a friend named Bob DeYoung taking photos of each individual car. Again, I wondered what was going on? We found out after our big meal. The Jensens had purchased beautiful plaques with each member's name and chassis number engraved on them. At the bottom is a clear plastic photo cover. Bob DeYoung took the film he had taken to a one-hour developer and then inserted each photo into its matching plaque. What a surprise!

And the surprises were not over yet. Each year the Jensens had awarded printed tee-shirts honoring that years event and this year there were none. After we'd been home for a week a nifty 5th Annual tee-shirt arrived in the mail and Sorita emailed me that they had ordered the shirts but they didn't arrive in time for distribution at the party.

Finally, on Sunday morning, Norm Miller and his mother Yetta hosted a buffet breakfast for the entire group at the Pioneer casino. Norm's done this every year we've met in Nevada including the trip to Las Vegas. How did we ever get so lucky?

I believe there are not enough words of praise to thank Norm and the Jensens for all this largesse and that leads me to another thought. Our group has been going to Nevada for the western Spring meeting for nine years now and the Jensens have hosted the last five. I suspect the time has come to change the Spring meeting format before we wear out our welcome, maybe change it to another location like Phoenix and include more activities that involve driving the cars that are the reason we're together in the first place. Let's hear from you folks, OK?

WELCOME TO NEW MEMBERS

A few months ago I was contacted by a Canadian named Paul Dullaert who indicated an interest in owning a Squire. Then he and his wife Jan flew to Arizona for a winter vacation and in the process, took a good look at some restored Squire SS-100s here in Phoenix. I gave Paul a list of the cars for sale with the advice that he should not buy one without visiting it first. Later, Paul & Jan drove to New York and purchased Chassis # 35 from Mike Sher at Dix Hills, Long Island. They had the car shipped to their home in Kitchener, Ontario by closed van and have plans to improve an already very nicely restored Squire. Welcome to the Dullaerts and I've included a new roster to reflect their membership. For those with computers, they can be reached at; PDullaert@rim.net

JOHN FULTON - DALLAS, TX - CHASSIS #19

John is one of the first Squire SS-100 owners that contacted me after I ran an ad in Hemmings many years ago, realizing I had NOT purchased a kit-car and wondered what I had? He, along with member Ed Spielman, helped fill in the holes and blanks on the history of the car and start the Squire SS-100 Registry. I'd not heard from John in some months and wondered at the lack of contact?

This month I was contacted by a man in Dallas named Fred Johnson who found our Registry on the internet. Fred explained that he had located a Squire stored in a repair garage and wondered if it was one of our missing seven cars? The garage owner told him the owner had passed away and the vehicle was being stored until the estate was settled. After a few phone calls Fred came up with the VIN number and it turned out to be John Fulton's Squire. At this time Fred is securing more info on the estate with a view of purchasing this particular Squire SS-100. We'll keep you posted.

MISSING SIDE CURTAINS FOR YOUR SQUIRE?

More than one member has mentioned the fact that they bought their Squire with the side curtains missing and did not want to attempt even short trips during winter months without them. Can't blame them because I won't even take a fast highway trip of any length without them. The wind pummeling adds greatly to highway fatigue. The only two members that I know who do are those manly stalwarts, Ed Spielman & Bob Walters. Tough nuts those two.

I believe we have the facilities here in Phoenix to duplicate the original curtains almost exactly except using aluminum instead of steel to cut the weight by half. The more the cheaper so if you're interested in getting a set or replacing your steel ones with the improved version, contact me and I'll work up pricing.

AND ALWAYS REMEMBER

No one is listening until you make a mistake.

Art Hall
