

SQUIRE SS-100 CLUB

CLBCOM 32
February 1993

Interesting news! Tom Niswonger in Dayton, Ohio has sold his car (Thru a photo ad under 'S' Cars For Sale in Hemmings) to Bob Beckwith - P.O. Box 296 - Cummaquid, MA 02637 - Area 508+ 362-2168. Bob makes his living as a Mechanical Engineer and does a fair amount of traveling. He flew to Dayton and drove the thousand mile trip to Cummaquid over a weekend in spitting snow. He said the Squire performed flawlessly with the exception of a tail light fuse that kept blowing and a heater that only worked part time. Bob had a lot of questions and I advised him to first sit down and read the entire newsletter collection which would detail alot of the answers he needed including what many of us did to solve the problem of the Ford OEM heater.

Tom Niswonger wrote a nice letter of farewell stating "I don't think I could have sold the car without the club information and history of this car. It would always have been a 'kit car' without this information. I appreciate being a member and our correspondence with you and some of the other members. Thank you and good luck to all".

Rick Pompilii has written from Philadelphia that his car is coming up for sale. I have here included a copy of his letter that details the reasons why. Rick will be sending some photos that I'll include in a later issue.

Well, we've managed to find two more this month! Meet Warren and Shirley Ann Hagen, 431 Anderson Ave., Destin, FL 32541, Area 904+ 837-3508. Warren is retired and recently purchased 11007525. The car is silver with red fenders, automatic tranny and has 41,000 miles. Warren spotted our ad in Hemmings and called me and while on the phone, passed on another name he picked up from a Florida auto sales publication. So-

Meet Eleanor Wade, 2480 Lakeview Dr., Windstar #10, Naples, FL 33962. Area 813+775-5275. She has #11021525 which is white with an automatic tranny. The car has 27,000 miles and she has owned it for a long time. What's really interesting is that she ran a photo ad in Hemmings in 1985 offering her car for sale while she still lived in Illinois. Both Tim Sharon and Ed Spielman (Los Angeles) called her at the time but we had completely lost track of Eleanor and have been looking for her ever since. Strange how things work out.

We are on the track of two more Squires, both in the NYC area and should have some news on them next month. If you have not sent me your \$20.00 for 1993 would appreciate your doing so. I'd like to get the advertising budget finalized. More next month.

ENCLOSED IS 30.00 (CHK.) FOR SQUIRE CLUB DUES FOR '93. THROUGH YOUR LEADERSHIP AND DEDICATION THE "CLUB" IS ON SOLID GROUND. YOU HAVE DONE AN EXCELLENT JOB!

SOMETIME IN THE LATE SPRING OR EARLY SUMMER I SHOULD HAVE A "PROFILE" OF THE CAR AND ME ALONG WITH PHOTOS READY TO SEND TO YOU.

THIS MAY SURPRISE YOU, BUT I AM SERIOUSLY CONTEMPLATING ON SELLING MY SQUIRE THIS SPRING/SUMMER. I WOULD APPRECIATE IF YOU WOULD ANNOUNCE MY DESIRE TO SELL IN UPCOMING ISSUES OF THE CLUB NEWSLETTER.

TAKE CARE + GOOD LUCK!

Rick Pompili

PS.

ART,

I HAVE OWNED MY CAR ALMOST 2 yrs. AND HAVE ONLY DRIVEN IT LESS THAN 100 miles! I JUST HAVE TOO MANY PROJECTS GOING ON AT THIS TIME (THAT WOULD NOT BE A PROBLEM IF I WERE RETIRED!) WITH TOO LITTLE TIME IN THE DAY. MY SQUIRE IS NOT IN "SHOW CONDITION", BUT IT IS IN VERY GOOD SHAPE. FOR THE RIGHT PRICE I WOULD LET IT GO. RICK.
