

Squire SS100 Registry Newsletter

June 2012

What's up:

Last Squire Newsletter

This is the last Squire SS100 newsletter that I will generate.

Squire SS100 Rally May 18-20, 2012

It was a non-event.

I am looking for a replacement editor for our newsletter.

Contact me at
Chuck.Blethen@SquireSS-100.net
828-606-3130

The website will be shut down effective December 30, 2012 if someone does not step forward to be the new webmaster.

Squire SS100 #8

This is the last newsletter from the mountains of North Carolina

After polling the membership last year for a suitable date that was best for their schedules, we set a date for the May 2012 rally here in Marshall NC. We spent a lot of time planning the weekend event. Long story short – no one showed up.

It is clear that our Squire Registry needs new leadership, so this is the time for someone to step forward to take over.

This will be the last Squire SS100 Registry newsletter that I will produce. My time will be better spent in other endeavors. I will maintain the website to the organization for free for as long as I own the server farm in Knoxville. Someone else will have to provide the updates to the website. If no one steps forward to take over that task, I will shut down the website effective December 31, 2012.

It pains me to have to make this decision. I have enjoyed the friendship that you have provided over the 10 years I have been associated with the group. I have never collected dues or requested payment for any of the newsletters or website. Apparently providing free services like the free newsletter and free website does not attract enough interest. So I have to move on.

Jeannie and I have a biodynamic vineyard/farm to run and it takes a lot of time. Here are a few photos of our horses and cows we have here.

Prince & Dusty

Rós & Bonnie

I wish you well in your future Squire endeavors.
